European Congress of Toxicologic Pathology

The title of the 2026 annual congress is **“Beyond Morphology: The Pathologist’s New Toolbox In A Data-Driven Era”**.

The Scientific Organizing Committee (SOC) comprising internationally recognized experts is preparing a very interesting and diversified program showcasing new tools and approaches that are reshaping our profession - within and beyond morphologic examination.

Invited speakers will address cutting-edge molecular technologies like spatial proteomics, metabolomics and MS imaging, new approach methodologies (NAMs), and the different applications of AI in toxicopathology. In addition, advances in the areas of genetically engineered animal models, alternatives to NHPs, group housing and virtual controls will be covered.

When: 29th September - 2nd October 2026

Where: Krakow, Poland

Venue: ICE Krakow Congress Centre

Language: English

Participants: 200-250 Participants

Target audience: International audience mainly from Europe, but also from the United States and Asia.

Why partner with ESTP as a key sponsor or exhibitor?

The European Society of Toxicologic Pathology (ESTP) was established in October 2002 with the aim of developing a strong European foundation for toxicological pathology. It is continuing to be a fast-growing society with now over 300 members. The yearly ESTP Congress is expecting approximately 200-250 participants from all over the world to join for the opportunity to learn and discuss scientific and regulatory topics, as well as new developments within our field of drug development, safety assessment and registration of drugs, agrochemical and biocides amongst others, whilst providing a relaxing environment for professional networking. In general, participants are from Research Organisations, Pharmaceutical, (Agro)Chemical companies, University or Regulatory authorities.

As a society, we are especially keen to promote state of the art education to our members as well as attracting junior colleagues to start a career in the field of applied toxicological pathology. We are a registered non-profit organisation and with your financial help as a sponsor, we are able to organize meetings offering a scientific program of the highest scientific standard. To attract young colleagues interested in the field of Toxicologic Pathology from the University, we have reduced fees for students. Since the 1st ESTP Congress organised in Hamburg, Germany in 2003, many European cities have welcomed our international audience and this year the Congress will be held in Krakow, Poland.

Venue

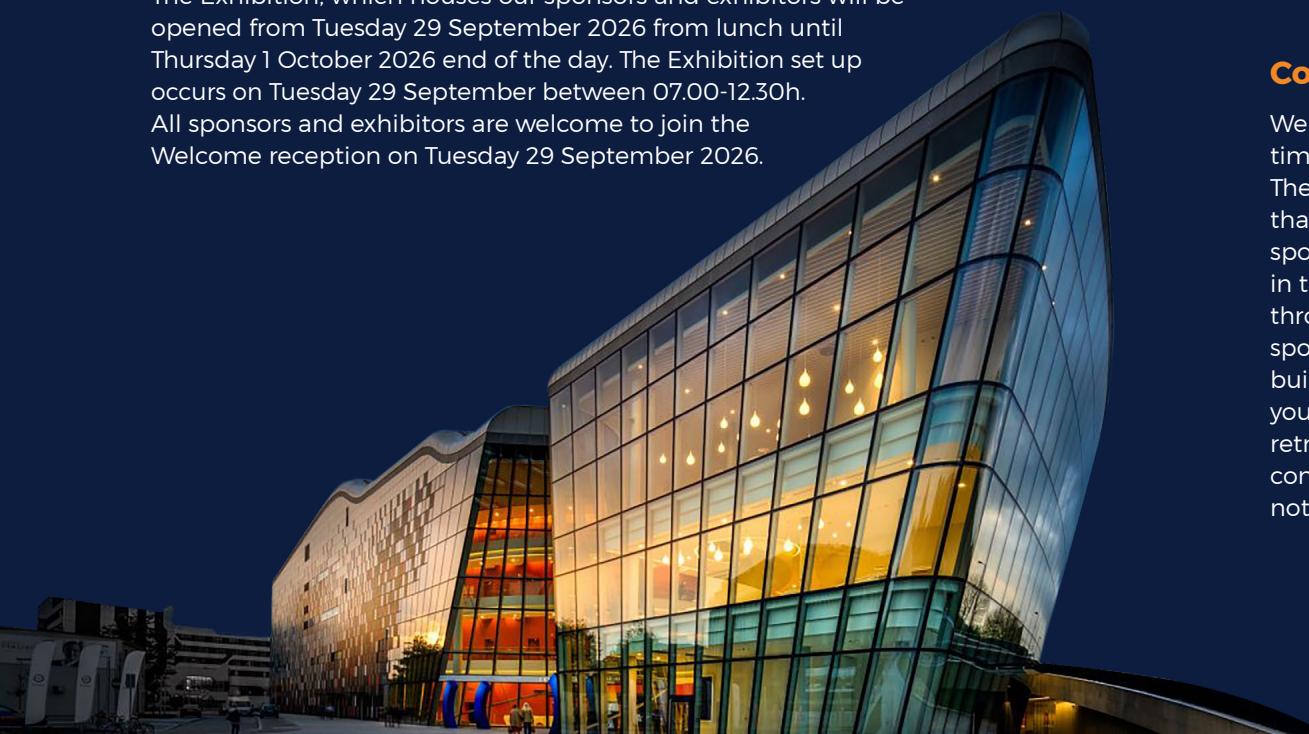

The congress will take place at the **ICE Krakow Congress Centre**. The ICE Krakow Congress Centre is the business and cultural flagship of the city. Located in the very heart of Kraków, it is a convenient place for the organisation of an International Congress. The venue offers a large meeting room for the plenary session, with an adjacent large pre-function area that will house the exhibition, posters, coffee breaks and lunches, all in one area.

Address: Marii Konopnickiej 17, 30-302 Kraków, Poland

Exhibition

The Exhibition, which houses our sponsors and exhibitors will be opened from Tuesday 29 September 2026 from lunch until Thursday 1 October 2026 end of the day. The Exhibition set up occurs on Tuesday 29 September between 07.00-12.30h. All sponsors and exhibitors are welcome to join the Welcome reception on Tuesday 29 September 2026.

Sponsor and exhibitor packages

The exhibition is a tabletop, pop up type stand space. Fees do **NOT** include the costs of any stand building, carpeting, electricity or other stand-related costs, which are the exhibitor/sponsor responsibility. You are welcome to discuss the use of more advanced stand constructions. Additional exhibitor badges (outside sponsorship agreements) not included in below packages are available for € 200.00 (excl. VAT) per person for 3 days, including the welcome reception. With an Exhibitor Badge you only have access to the exhibition and not the lectures. Dinner tickets can be purchased separately via the registration module.

Note that all prices are exclusive of VAT. We are liable to meet the Polish and European VAT regulations. We would like to offer different packages depending on the duration of your commitment (with the most value presented as 3-year agreements) for sponsoring our congress.

Congress App

We are excited to announce that for the first time the congress will have a congress app! The congress app offers several functionalities that will benefit you as an exhibitor and/ or sponsor. Your company profile will be visible in the app. together with logo placements throughout the app depending on your sponsor level. The exhibition competition is built into the app and will create traffic to your booth. Furthermore the app offers lead retrieval functionalities, which helps you to connect to congress participants and take notes with your newly generated leads.

Terms and conditions

1. If you wish to explore the possibility of additional options for sponsor organised events during the congress please contact the Congress Secretariat directly: l.dirks@pcopartners.nl
2. Sponsors wishing to sponsor more than one package should discuss this with the congress secretariat to confirm availability.
3. The stand fees **do not** include the costs of stand building, carpeting, electricity or any individual other stand-related costs.
4. Each exhibiting company must have badges for all their attending representatives. Additional exhibitor badges are available for purchase at the rate of € 200.00/ 3 days.
5. Payment is due **30 days after receipt of the invoice**, and in any event **paid prior to congress**. Payments that have not been received prior to congress may lead to delay in your company accessing the exhibition.
6. The congress is liable to meet the Dutch and European VAT regulations. In case of a change in the VAT rates, this will be charged through as well.
7. Force majeure: If due to war, strikes, industrial action short of a strike, import or export embargo, lockouts, accidents, fire, blockade, flood, natural catastrophes, pandemics and epidemics or other obstacles over which the organisation has no control the organisation shall not be held responsible for any loss or damage which may be incurred as a result of such failure. Should the event of force majeure continue for longer than one month, the organisation adversely affected shall have the option of terminating this agreement immediately without further liability.
